Google Search Advertising

We manage ~\$10,000/month in Google Ads driving targeted search traffic to small-town pages.
20,600 impressions/mo • 1,550 clicks/mo • 7.5% click-through rate

Every partnership includes a dedicated Google Ads campaign.

HOW IT WORKS

Four steps to getting your town on the map

1 See your town's preview

Tell us your town and we'll send you a free preview of what your enhanced page could look like.

2 Choose your package

Pick the partnership level that fits your goals and budget. No long-term contracts.

3 We build your campaign

Professional content, Google Ads, newsletter placement, social media — all managed by our team.

4 Get your results report

Clear performance data showing impressions, clicks, and visitors driven to your town's page.

PARTNERSHIP PACKAGES

Campaign-based partnerships with clear deliverables

Priced to fit within municipal procurement thresholds. No long-term contracts — each is a single campaign.

WHY PARTNER WITH 1000TOWNS

“Why not just spend \$2,000 on Google Ads ourselves?”

Content worth advertising

We build a professional town page with stories, photos, and trip planning tools — not just an ad pointing to a thin municipal page.

National cross-discovery

Travellers browsing “small towns in Alberta” - or another province or territory - find your community — even if they never searched for your town by name.

Campaign management included

No agency fees, no learning curve. We build and manage your Google Ads campaigns — you get a performance report.

8,300-page platform authority

Your town page inherits the SEO weight of a national platform — ranking higher than a standalone municipal page in search results.

WHO WE ARE

One mission, hundreds of hands

Started in 2016 by Vlad Umnov. Built by students and professors from 30+ Canadian universities, local residents, and municipal and community representatives. Our job: make sure travellers find your town, want to visit, and tell their friends.
